MEMORANDUM FOR

FROM: AD/NE

1. The Office of National Estimates has just been given some responsibility for the preparation of a USIB memo on GVN violations of the treaties regarding Laos and South Vietnam.
2. The task is to update for USIB approval two April papers on this subject. Chet Cooper will chair and Sidney Bearman will be his Staff assistant.
3. There will be a meeting at 2:30 on Monday. Present will be Chet and Sid plus the technical COMINT experts from NSA, DIA, State (and perhaps others). These will be invited by Sid.
4. USIB has desired that other and more substantive reps be present also. It is our job, therefore, to invite our usual contacts, tell them the above, request them to send a good substantive rep ~~for~~ the 2:30 meeting. We should also designate a room.
5. Any Board or Staff member of ONE who feels he has a high substantive competence in the matter is invited. George Carver might do well to attend, but attendance optional.
